

The Brand You Trust For

TRAINING

Nu-Calgon offers product training with NATE certification and CEUs in a number of ways. Whether you prefer in-person or online training, we have a solution for you. This brochure lists some of the courses available. Please contact your Nu-Calgon Account Manager for more information.

Nu-Calgon recently launched a training website called Nu-Calgon University. Each course has a short presentation, a quiz and a completion certificate. All courses are NATE certified. Here is a list of what we offer:

NATE ID	COURSE DESCRIPTION	NATE ID	COURSE DESCRIPTION
1826-0015	iWave Air Ionizers	1826-0026	Insulation Products
1826-0016	Rx11-flush	1826-0021	EcoPure Refrigerants
1826-0023	Filtration Technology	1826-0019	Condensate Treatment
1826-0013	Everpure	1826-0024	FlareMate Seals
1826-0001	Clean Coil Program	1826-0028	Mini-Split Maintenance
1826-0012	EasySeal Ultimate	1826-0031	Sanitizers and Disinfectants
1826-0014	Gas Leak Detectors	1826-0029	NuLock Sealants
1826-0018	Aerosol Products	1826-0030	Odor Neutralization
1826-0034	Thermo-Trap	1826-0020	Condenser Coil Cleaners
1826-0032	Specialty Products	1826-0022	Evaporator Coil Cleaners
1826-0035	Understanding Water	1826-0027	Microchannel Coil Cleaners
1826-0025	Ice Machine Maintenance	1826-0036	Coil Cleaning Sprayers
1826-0017	4 Step IAQ Assurance		

OTHER ONLINE TRAINING

In addition to Nu-Calgon University, Nu-Calgon offers online training through various buying groups. Blue Hawk, Octo and Embassy all feature Nu-Calgon training courses. Also, several large wholesalers have their own universities that have Nu-Calgon courses.

IN-PERSON TRAINING

Nu-Calgon Account Managers offer training, often with NATE certification and continuing education units (CEUs). Here is a list of some of the courses available:

Coil Cleaning: The Clean Coil Program is a comprehensive seminar dedicated to the safe and proper procedures to clean evaporator and condenser coils. The program will help determine which cleaning method should be utilized for a particular job based on the type and condition of the unit.

NATE Recognition Classes: 1 hour Continuing Education Accreditation

Indoor Air Quality Management: The seminar covers the past, present and future of indoor air quality (IAQ). Topics covered in the session: how poor IAQ impacts a business, common causes of poor IAQ, and how to prevent poor IAQ from occurring.

NATE Recognition Classes: 1 hour Continuing Education Accreditation

Refrigeration Oils: An in-depth look at industry refrigeration oils (Mineral, Alkylbenzene, and POE) and when and where to use them.

NATE Recognition Classes: 1.5 hours Continuing Education Accreditation

Total System Protection: A thorough look at why burnouts occur, how to prevent them and the proper way to flush a system once a burnout occurs. The training will include acid testing and acid neutralization.

NATE Recognition Classes: 1 hour Continuing Education Accreditation

Water Treatment: This seminar will cover the fundamentals of water treatment for cooling towers, evaporative condensers, boilers, and chillers.

NATE Recognition Classes: 1.5 hours Continuing Education Accreditation

Air Ionization: This seminar focuses on Nu-Calgon's NuShield and iWave lines of bi-polar ionization air ionizers. Topics covered in this session: the specific applications and sizing guidelines for each model, how NuShield and iWave help provide improved indoor air quality through reducing harmful indoor pollutants such as particulate, odors, VOCs, and certain bacteria and viruses. **(1 hour)**

Ice Machine Treatment and Filtration: A complete guide to "Extending the Life of an Ice Machine." The seminar will answer the questions: why use a filter, what filter should be used, and how to keep the system clean, clear, and running properly. It also addresses all of the water-related problems associated with ice machines. **(1.5 hours)**

Winter Water Treatment: This program focuses on what a system needs prior to the winter season, including a review of ethylene and propylene glycol, the proper treatments for hot/cold closed systems, and low make-up steam systems. **(1 hour)**

Energy Savings with A/C Re-New: Learn about a revolutionary product for revitalizing and energizing A/C systems. The seminar will explain how A/C Re-New will help reduce energy costs, improve cooling performance and reduce the system noise. **(1 hour)**

Food Service Products for Ice & Beverage Filtration: A comprehensive look at the problems associated with ice and beverage filtration as well as treatment options to solve these problems. This seminar covers products for ice makers, coffee brewers, fountain beverage machines, steam ovens, drinking water, and more. **(1 hour)**

Nu-Calgon Product Line Review: The seminar provides an overview of all the major products that Nu-Calgon offers. The presentation explores when and where to use certain products, as well as explains how using certain products can save time and money. **(2 hours)**

To set up training for your personnel, please contact your Nu-Calgon Account Manager.
